After you apply . . .

What can I expect after I submit an application for benefits?

After you apply, you will receive in the mail:

- Instructions on how and when to Request Benefit Payments
- An Information Handbook with instructions and answers to many of your questions – also available online at www.uimn.org
- A Determination of Benefit Account showing your weekly benefit amount and your total amount of benefits, if you are eligible

If I am eligible for benefits, how much will I receive?

Your weekly benefit amount will be about 50 percent of your average weekly wage, up to the state maximum.

To receive benefit payments, do I need to do anything besides apply?

Yes. You must make a request for a benefit payment every week– online or by phone.

When you make your weekly request, we ask you to report any income, if you are available to accept work, and if you are looking for work.

If I am eligible, when should I receive my first payment?

The earliest you could receive a payment is about three weeks after you apply. The law requires that everyone has a nonpayable week before benefits are paid. This is the first week you request and are eligible for a payment. The nonpayable week is never paid.
